

We are delighted to announce that from June 2017, Conrad Centennial Singapore will embark on a rejuvenation program to enhance the overall experience that is synonymous to Conrad Hotels and Resorts.

June to mid-September 2017 will see the first phase of the program, where guest rooms from levels 6 to 9, followed by levels 10 to 14 will be scheduled for upgrading. Subsequently, the second phase will commence mid-September 2017 to end-January 2018 for guest rooms on levels 15 to 22 and levels 23 to 31, Executive Lounge and Premium Suites. An alternative Executive Lounge will be available within the hotel during this time. Works will be carried out daily, keeping noisy works from Monday to Friday between 10.30am to 5.30pm, creating minimal disturbance to our guests.

Designed by the award-winning Jaya International Design, whose portfolio includes many renowned Hotels and Resorts including The Aman Summer Palace in Beijing and The Capella Singapore, the rejuvenated guest rooms exudes resort-in-the-city comforts with contemporary finishing, accommodating the needs of the modern traveller.

The swimming pool, gym and spa on level 4 are also planned for a complete upgrading including the creation of a new function room however dates have yet to be confirmed and we will update in due course.

The first set of new guest rooms will be available for booking from mid-September and we look forward to welcoming you to the new Conrad Centennial Singapore.
